Raynet
is recruiting a :

MES Application Support Specialist

Based in Weil am Rhein

Contract type : Permanent Position

Starting time : ASAP

JOB POSITION MISSION

The Application Support Specialist for Manufacturing Execution Systems (MES) works in a global IT organization and has responsibility for ongoing support of these solutions. This position also helps provide MES support to some foreign countries in the ARaymond network. The focus of this support effort is on the Raynet developed software solution, but you must be familiar with the client-facing hardware platform as well, and you will work with the Business to help them in support the MES/machine interface.

ROLES AND RESPONSIBILITIES

Effectively address day-to-day MES support requests
 Assist with planning & execution of rollouts/projects for new and enhanced MES solutions
 As needed, engage & coordinate with other Teams in Raynet to provide MES support
 Work with other MES support resources locally and also globally to ensure high priority support requests are addressed in a timely manner
 Participation in providing support after hours when needed
 Ensure adherence to Raynet policies and procedures

EDUCATION AND EXPERIENCE REQUIRED

- Minimum of a Bachelor Degree in related field and established experience in the use of production supervision software, or a minimum of 4 years' experience with production supervision software
- Knowledge and experience in Hardware; PC, extension Boards (like Applicom/Molex/Woodhead), RS232 (serial lines), field buses (primarily Ethernet/IP) and vision verification systems.
- A basic understanding of PLC Systems (Siemens S7, Allen-Bradley)
- A basic understanding of OPC solution
- Knowledge in database language (SQL server)
- A basic understanding of PLC (I/Os, interfaces with PC)

SKILLS REQUIRED

Strong interpersonal, communication & collaboration skills
 Must be able to establish a partnership relationship with the people you work with
 Must be able to work effectively with an international team
 Demonstrated professional demeanor and ethical conduct
 Demonstrated ability to organize work and set priorities
 Demonstrated ability to meet deadlines while working independently
 Demonstrated analytical, logical and problem solving skills
 Willingness to occasional trips to other locations
 Other Group-IT related tasks after assignment

LANGUAGES REQUIREMENT

- Fluent in German and English required
